

Desiccator cabinet

Furnace Technologies can supply Desiccator cabinets in a range of sizes. These cabinets are constructed of heavy gauge zinc seal steel with a full view glass door.

All joints are sealed and the door has an adjustable catch to ensure airtight closing on a silicone rubber seal.

Two chrome plated wire trays are supplied, also a stainless steel desiccant tray on floor.

SIZES	H (mm)	W (mm)	D (mm)	Catalogue No.	Shelf Positions	Shelves Supplied
